

Travis County Water Control and Improvement District No. 19
A Barton Creek Country Club Community

July 28, 2015

Dear WCID No. 19 Customer:

As you may be aware, the combined storage levels in Lakes Travis and Buchanan have significantly increased. The Lower Colorado River Authority (LCRA) has released mandatory once per week yard watering restrictions for Firm Water Customers.

The District is implementing

Stage I - Voluntary Water Conservation Conditions.

The **outdoor watering schedule below is now in effect**. Residents are asked to maintain an even/odd watering schedule based on their house address using the following schedule:

If your home address ends in an ***EVEN*** number:

Please water on *Thursdays* and *Sundays*

If your home address ends in an ***ODD*** number:

Please water on *Wednesdays* and *Saturdays*

Stage I conditions request residents voluntarily reduce water consumption by practicing conscious water conservation. Please use outdoor sprinkler systems wisely by watering in the early morning or during the night to reduce evaporation.

Should you have any questions regarding this notice, please contact the Utility Office at (512) 402-1990.

Respectfully,

Board of Directors
Travis County WCID No. 19
